To Anyone Who Can Help,

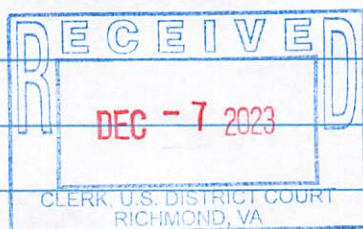

3:23cv841

Malpractice by legal counsel has occurred Oct 6th 2023 by Brian Goodman in a bond motion in which counsel read off threatening text messages to a plaintiff.

At the request of my new counsel Anthony H. Nourse to obtain transcripts from bond motion I've hit deadends on multiple fronts.

Can you please send a copy of a legal malpractice Hebens loop so I can file myself and any additional information is welcomed.

Thank you
John H. Nourse II
